**JOIN THE GLOBAL HEALING WAVE  
OF FORGIVENESS 2020**

**GLOBAL LABYRINTH WALK and  
HO'OPONOPONO PRAYER into the  
new decade**

Labyrinth walk to start on 31<sup>st</sup> Dec 2019  
and walk into 2020 in your time zone.  
First walk will be New Zealand.  
Last walk will be Hawaii.

It's time to acknowledge the start of another decade with intention.

The vision is to consciously enter the next decade with a lighter heart and a focus on personal and collective forgiveness. Repeating the respected and ancient Hawaiian prayer ho'oponopono as one walks the labyrinth, we can alleviate and free ourselves and others from the burden of the past and use the power of collective intentions while the earth fully rotates to clear the planet of negative energies that abound. Singing while experiencing the labyrinth is highly recommended.

*I'm sorry  
Please forgive me  
I thank you  
I love you*

By all joining in, we can create a healing wave of forgiveness  
while the earth completes a full rotation.

The invitation is to get involved.

Our small collective now welcomes individuals to commit and engage as 'Core Production Team', to inspire, ground and support the event as it unfolds.

We are welcoming expressions of interest from individuals and organisations who are interested and willing to spread the vision and facilitate an event.

The invitation is to share the event.

Please share this vision with others and encourage people or organisations to [register their interest](#) and support. If you have any queries please contact [auslabnet@gmail.com](mailto:auslabnet@gmail.com).
